Dear Parents,

It is my pleasure to announce that Mr Jeff Jorgensen has nominated for the position of president of the Como Primary School Parents and Citizens Association (P&C). Jeff was elected to the position unopposed on our March 30 meeting. I look forward to working closely with Jeff for the remainder of this year. Remember the P&C is a great way of becoming involved in the school and thus in your child’s primary school education. The next P&C meeting will be held on Wednesday, May 11th starting at 7.00pm in the school staffroom. We would love to see you then.

As usual Term 1 of 2016 has been very busy and the school community is in need of a holiday, so on that note, I would wish everyone a safe and restful two weeks and I will look forward to catching up with students on Wednesday, 27th April.

ANZAC DAY SERVICE
Tomorrow is our ANZAC Service. All students are asked to wear their standard school uniform. The service begins at 8:50am. This is a solemn occasion and there will be no clapping. After the laying of wreaths by the Year 1 students the whole school will move outside for the official opening of the war memorial and mural.

Interim Reports
Student Interim Reports will be sent home today. These reports have been provided to all families to keep you informed about your child’s progress. There will be occasions where some students are requiring additional assistance e.g. maths concepts, writing, reading strategies etc. This is normal and your teacher will have spoken to you or communicated via the diary if additional assistance is required. The overall effort section is an excellent indicator of your child’s attitude and work ethic at school. If you have any queries or would like to meet with your teacher, please arrange a time for a formal interview. Teacher/parent interviews are held on a needs basis.

First Term Holidays
First term ends on Friday, 8th April 2016.
Term 2 commences on Wednesday, 27th April 2016.

Virtues
Determination

What is Determination?
Determination is focusing your energy and efforts on a task and then sticking with it until it is finished. Determination is using your will power to do something when it isn’t easy. You are determined to meet your goals. Even when it is really hard, or you are being tested, you still keep going.

In-term Swimming Lessons: Early Notice
Our school swimming lessons will be held in the final two weeks of Term 2, from June 20th-July 1st. All students from PP-Year 6 will be expected to attend these very important lessons. As in 2015, the lessons will be held indoors at the Melville Aquatic Centre. The pool will be heated and we will be asking students to bring a warm dressing gown or similar to wear in the bus before and after the lessons as well as their usual towel.

Every two years we have to allow other schools the benefit of lessons in the summer period. When we have had winter lessons in the past, it has been most successful and the students have thoroughly enjoyed themselves.

Swimming notes and further information will be given out in mid-May to each student from PP-6.

P.Herne: Swimming Coordinator.
Interschool Swimming Carnival 2016
The Como Interschool Swimming Team set off in the rain last Friday and headed to Beatty Park Leisure Centre to do their best for our school community. They strived for excellence and we weren’t disappointed! Our fabulous team won the Meritorious Shield which is awarded to the smallest school with the greatest amount of points! A brilliant effort!

Mrs Adams and Mrs Herne who worked for hours to ensure we were incredibly well organised!
Como was very fortunate to have had three of our swimmers awarded Champion and Runner up Champion. Matthew G was awarded Year 4 Runner-up Champion Boy. Maeve M was awarded Year 6 Champion Girl and Aidan B was awarded Year 6 Champion Boy. It was a particularly wonderful way for Aidan and Maeve to finish their swimming careers with us at Como.

Thank you also to the wonderful parents, friends and family who came along to support us!
The Final Points were:
1st Place: South Perth Primary 177 Points
2nd Place: Como Primary 157 Points
3rd Place: Applecross Primary 153 Points
4th Place: Manning Primary 115 Points

Interschool Sports Shirts
Those of you who still have an interschool sport shirt at home please ensure that it is washed and returned to the Uniform Shop as soon as possible.
Thank you. Mrs Herne

School Centenary 2016
Did You Know?
In April 1924, Mr Dale applied for a lock up wood shed as the firewood was being stolen. Funds were not available and after much correspondence with the Director of Education a wood shed was eventually built in 1930 (six years later).

WALKING SCHOOL BUS!!
We officially have a group of amazing parent helpers to lead us in 2016 on the WALKING SCHOOL BUS! This Friday, 8th April 2016, please join us at the following points and paths. Parents are able to drop their children off at the following times and intersections, and our Walking School Bus will be there to pick them up. Please make sure you can see the Walking School Bus before leaving your child at the stop**** Our parent volunteers will then walk with them to Como.

South Bound
We will start at 8.15am: Gardner Street + Coode Street Intersection.
The bus will leave at 8.20am: Coode Street + Comer Street Intersection.
The bus will leave at 8.25am: Coode Street + Preston Street Intersection.

North Bound
8.10am: Parents can drop their children off at the corner of Henley Street and Canning Highway near Cafeli’s Café (there is a safe no through road with less traffic). The bus will then walk to the intersection of Robert Street and Henley Street.
8.15am: Robert Street + Cale Street Intersection.
8.20am: Robert Street + Saunders Street Intersection.
8.22am: Saunders Street + Labouchere Road Intersection.
8.25am: Labouchere Road + Greenock Avenue Intersection.

PLEASE COME AND JOIN US THIS FRIDAY for a healthy and fun way to get to school and reduce the number of cars driving to and from Como! We will be looking for the class with the most walkers this week for a special prize! If any parents would like to get involved and volunteer a Friday morning, please email Sam Edwards samantha.edwards@education.wa.edu.au ANY HELP IS GREATLY APPRECIATED!!
Kindergarten
As the saying goes, time flies when you are having fun! Where has the Term gone? The staff in the Kindergarten classroom are delighted with how the children from our Blue and Red groups have settled into the routine of school. They use the visual “Kindergarten Story” to help navigate through the full day program and prepare for the expectations of the next activity. The children are assuming greater responsibility for their personal belongings and are quite proud of their efforts in putting on their own socks and shoes.

We are learning about being part of a group and how to treat each other with respect. It is not always easy when there are only two police cars in the class duplo set! Using words to express our needs and wants are a focus of our program and it was lovely to hear one of the children say to her friend that “sharing is caring” while playing basketball.

Next term we are very lucky to have Miss Jessica Nesci in our classroom for her Fourth Year Internship. She is very keen to share all her new ideas with the children and we look forward to supporting her learning and enthusiasm. Enjoy your holiday break.

Pre Primary One and Two
The year has commenced with a very busy term in Pre-primary One and Two. We have been learning a new sound each day and using each sound in our singing, brainstorming of words and the completion of fun activities such as Moon Muffins and Crazy Kites for the Mm and Kk sounds.

In numeracy we have been counting every day, learning what each number represents and how to write our numbers. Understanding the features of 2D shapes and measuring/sorting different objects has also been a focus.

A highlight of the term was finding a letter and map left by Captain Fish Hook. We eagerly left the ELC environment on a hunt around the school and found golden treasure.

In Science we have learnt about exploring through our senses and identified the needs of living things. We started PMP (Perceptual Motor Program) where we have been learning specific motor and fundamental movement skills.

In our Health lessons we are practising how we can ‘Bounce Back’ from challenges, give out “Warm Fuzzies” and restrain from using ‘Put Downs.” We would like to thank parents for all your support this term and we wish you all a safe and happy holiday.

Room 1
What a wonderful start to 2016 we have had. We have learnt many interesting and new things in Year One. We have shared information about our families, how we celebrate birthdays and created timelines. We also learnt how to say hello in the many languages spoken by our friends.

In Science we have been learning about living things and what they need to survive. Our experiments have shown us how plants suck up water and food through their roots and also what will happen to a plant if it does not get everything that it needs.

We wrote stories about Easter, beautifully decorated Easter eggs, made Easter baskets and cooked Easter muffins. Easter Bunny visited our classroom and left a surprise in our baskets. Yum!

There are many things we have enjoyed this term, but in particular Rhys and Michaela enjoyed playing with their friends in the big playground, Malak enjoyed making Easter muffins, Ashton’s favourite thing was making the Easter basket and Sam was surprised to find that Easter Bunny had visited our classroom.

Happy holidays everyone.

Room 2
It’s been an exciting term for children in Room 2 as we have started our primary school journey. We have learnt much in a short time and it has been great to make new friends with the children who have come to Como for the first time. We began the term with activities based around our themes of Summer and The Sea. We quickly learnt to work hard and listen attentively as we strived to acquire new skills in all curriculum areas.

At school we have had fun doing science experiments. One we found amazing. We discovered plants suck water to the tips of their leaves!

We have been honing our computer desktop skills engaging in Reading Eggs and Mathletics activities and have explored new app’s on the iPads. Each week we looked forward to participating in different activities with our big buddies and have been very happy to earn Golden Time at the end of the week.

Some of the things we enjoyed were being part of a whole school photograph; the first of the school’s Centenary special events for this year, Croc Rock, the colouring in competition, dressing up for Harmony Day and the Easter Hat Parade.

Recently St John’s visited our classroom to teach us how to manage any emergency that might happen. We were very excited as Easter approached with activities including cooking, craft and a variety of other things that added to the fun. The Easter Bunny visited our school, leaving footprints in our classroom and some treats for us to find. It was a great way to celebrate. We are looking forward to a nice break with our families. Then we will be refreshed and ready to continue the journey next term.
Room 3
Term One has been an exceptionally busy start to 2016 in Room 3. The Year 5’s are now used to bringing their iPads in every day, and both Year 5 and 6 students have started using the online school networking system Connect. It’s been so great to be able to do assignments and get our results online for our assessments! We indubitably believe that we are experts at persuasive writing after many weeks of the term practising, not to mention our marvellous narratives towards the end of the term. Basically, we are writing wizards! In History, Year 5 students have been creating their own video segments for the TV series Horrible Histories by researching, scripting, costuming and filming an episode of Historical Wife Swap. Based on those living in Australia during colonisation, the students produced fantastic representations of what it would be like for two people in completely different circumstances during the 1800s to swap lives for a day. A great time was had by all. Now that Term One has finished, we will enjoy a much needed break and recharge for Term Two!

Room 4
This term, Room 4 have done many exciting things! Our class teacher, Miss Martino, is the most awesome teacher in the world! From week 1, we have been watching Behind the News each Tuesday afternoon. Behind the news introduces kids to the world of news, which it does very well. We have also begun reading the book 'Boy Overboard' which is about a young boy named Jamal and his little sister Bibi. Each Friday we have Friday sport. Our new House Captains and Vice Captains help their teams to win points towards the term trophy! The Swimming Carnival this term was also a great chance to practice our leadership skills and support our team mates. We also took part in the interschool cricket after weeks of training to be the very best that we can be. It was a really fun day and a good chance to get to compete against other schools. In Science, Year 6’s have been looking at micro-organisms and have completed experiments about yeast which meant that we got to make bread! In History, Year 5’s created an iMovie about a Historical Wife Swap focusing on the Indigenous and European cultures. It was loads of fun! We are all working our hardest to earn lifeschool points and even got extra sport time as a reward for our 1000 point milestone. We cannot wait to see what Miss Martino has in store for us next term!
Room 6
What a great term we’ve had! Our class loves to write Acrostic Poems. In writing we have written two, one about FRIENDS and the other on EASTER. Here’s an Acrostic Poem for everyone to read and enjoy based on our theme “AUSTRALIA”.
All of us Australians in Room 6 have been very busy working on being proud Australians, setting goals and making timelines of “our life” and discussing ‘changes’ in History.
Under and Over we went into Maths doing Place Value with numbers over 1000 – So clever!
Science was a blast! We learnt about Push and Pull forces.
T & E was fantastic fun designing and making models of boats using plasticine to investigate the forces of ‘Sink or Float’.
Reading was so interesting with doing Reading Rotations and reading “Travelling Around Australia” books like Possum Magic and Sail Away.
Awesome hand puppets were made in Art to go with our New Puppet Theatre. Some of us have started writing plays!
Loving Harmony Day and dressing up in National Costumes to show tolerance and respect as Australians towards other cultures.
Interesting ‘Reports’ were written on Australian Animals.
And finally after such a busy term we’d like to wish everyone a happy and safe holiday.

Room 7
This term in Room 7 we have been hard at work writing expositions to persuade others to agree with our point of view. We have been using rhetorical questions, strong language and facts to convince our audience. Now we are writing page turning mystery stories.
We started the term by beginning the Science topic Feathers, Fur or Leaves. We each became explorers and had to complete an assignment which involved finding and drawing a living specimen like an insect and a non-living specimen such as a rock. It was great to share our explorer’s journal with the rest of our class. We learnt about what makes something living or non-living as well as classifying animals into groups like invertebrates or vertebrates, mammals, reptiles, birds, fish and amphibians.
In History we have been studying world celebrations by ‘traveling’ to a new country each week. Miss Schwagermann shows us short videos of celebrations in different countries and we compare them to our own days of celebrations. Now we have each picked a country to research and complete a project on. It has certainly been a busy and fun filled term!

Room 8
It has been a very busy term. We have been working hard on NAPLAN preparation throughout the term and are getting excited to sit the test in Term 2. In writing we have been learning about persuasive and narrative writing. We loved the theme “Into the Forrest” and produced some great writing from it. During Geography we have been travelling the world with our class passports and learning all about the different celebrations from other countries.
In Maths we are learning to add and subtract using columns. We have also been working hard to maintain the school vegetable garden. We planted some beautiful sunflowers and it has been amazing to watch them grow.

Room 9
Our class has been reading “Midnite” which is a story of a wild colonial boy written by Randolph Stow. Midnite is a seventeen year old boy who wasn’t very bright so his five animal friends decided to look after him directing him to bushranging! Sadly Midnite kept getting “banged up” in the great grey goal so it was just as well that in the end he found gold.
In Technology and Enterprise we made saddle bags which surprisingly turned out amazing. Now we are going to tackle the challenge of constructing outback houses out of popsticks. We have done lots of fabulous writing with Ms Youd and have made Aussie Slang Dictionaries. In history we are studying Indigenous Australians, world navigation before 1800 then moving onto the Departure and Arrival of the First Fleet. Our investigation this term is titled “Bushranges” learning about their early life and what lead them to a life of crime and their many exploits.
This has been a real challenge for Ms Stevens getting her head around “Dropboxes” to print the children’s work. Ms Youd is bombarding us with mental tables so it will be a welcome holiday.
Remember if you want a pet for the family check out the Cat Haven, RSPSA & Shenton Park Dog Home websites. We recycle cans to support these organisations.
Room 10
What an exciting year it is going to be. This is the year that our school celebrates 100 years of existence. We are planning lots of fun activities to do throughout the year. One of the highlights of the term was having an artist in residence at our school. Well known Perth artist Paul Caporn got the students to design and draw an ANZAC memory. Twelve students from our room were selected to put their design onto an aluminium disk and then paint it. This work was then installed over the artist’s background image of Anzac Day which is situated outside the school hall. All students enjoyed their sessions with Paul and learnt a lot about art through this experience.

We have been studying A Fortunate Life in English as well as developing our skills in narrative and persuasive writing in preparation for NAPLAN. We have been learning about Australia’s first people as well as life on our early colonies. We enjoyed participating in our Faction School Carnival and were pleased for both Matthew and Karis for winning the Champion boy and Runner up girls swimming champion medallions.

We enjoyed preparing and presenting our April Fool’s Day assembly and hope it kept you entertained.

We look forward to and enjoyable break.

Room 11
We have had a wonderful start to the year in Room 11 and have worked hard to make some fantastic improvements and achieve some wonderful results. This term we have been learning about writing in its many different forms. In particular we have enjoyed practising writing recounts, letters, narratives and persuasive essays. Persuasive writing has been a particular highlight and we have loved doing opinion writing and finding interesting and creative arguments to support our opinions. We have had a strong focus on language and grammar to enhance our writing, expand our ideas and form interesting sentences. We have become more confident and successful in writing sentences filled with descriptive language.

In maths we have been working to develop our mental maths skills. We have been adding to our repertoire of mental maths strategies to use when solving maths problems. We have been exploring numbers and developing a strong foundation working with 2, 3 and 4 digit numbers. We have enjoyed learning about the various ways numbers can be represented and decomposing larger numbers to understand their value.

---

P & C NEWS

Como Canteen News

This Friday, we are offering delicious Japanese from Mikasa, Karawara. Sushi: Choice of California, Tuna, or Teriyaki Chicken (5 pieces), Teriyaki Chicken & Rice with small salad or Katsu (crumbed) Chicken & Rice with small salad. All options are $6 and include a drink (choice of Apple Juice/Orange Juice/Water). These dishes can be ordered online or at the canteen window tomorrow morning.

Justine, our canteen manager, and I wish to say THANK YOU to those who have helped in our canteen this term: Our wonderful window helpers - Chandi Rae, Leanne Pool, Steph & Nick Soffield, Laura Jay, Gemma Wancer, Tess Harris, Ingrid Meyer, Jenny Ramshaw & Angela Paddock.

A special thank you also to Chantelle Ranauro, who volunteered an incredible number of hours this term! We look forward to seeing familiar faces and welcoming new ones in term 2!

Note: The canteen will re-open on Friday, 29th April 2016. Emma Rose 0400 441 655 or como.cookout@gmail.com
